To whom it may concern,

I am writing this letter to address my concerns regarding the repeal of net neutrality.

According to American Civil Liberties Union “Without equal access to the internet, we lose our rights to be heard and to hear others”(What is net neutrality). Repealing Net Neutrality violates Article 19 of the Universal Declaration of Human Rights. Without Net Neutrality, many peoples access to the internet would be limited, and may be over by monopolies. Our ability to access the internet is very important in the digital age.

Please vote to keep net neutrality, the people's vote and your own morals matter more than money. This will have a long lasting impact the lives of many... think ahead, will the repeal have a positive outcome?

Sincerely,

Jasmine Ortiz
